- Civil Engineering
- Structural Engineering
- Hydraulic Engineering
- Forensic Engineering
- Project Management
- Project Appraisal
- Construction Audit

Documents:

- Drawings
- Reports
- Certificates
- Audio Visual
- Maps
- Models

FTS provided engineering assessment and condition reports for the main picnic shelter following decay in one of the supporting posts. During the area upgrades FTS also provided design support to Enprocon in respect of surface drainage improvements, erosion protection, and undertook all the footpath pavements, picnic table foundations and associated works inspections on behalf of the NPQ.

The left post was replaced and the other posts tested. Quality test samples from forensic investigation of the post timbers.
